I certify that the start of this performance was in accordance with the rules of UKA/IAAF/WMA. The time recorded on the form is that indicated by a **fully approved and aligned Automatic Timing System**. Should Automatic timing not be available, times of distances of 1000 metres and above can be included based on times for the claimant shown on three stopwatches, recorded by graded officials as decided by Chief timekeeper.

For Hurdle and Steeplechase Races the height and the specification complied with UKA/IAAF/WMA rules for that distance. Race Walks must have fully Qualified Walks Judges. Hand times should be by graded timekeepers.

For outdoor events 60/100/200/60H/80H/100H/110/200H the wind speed indicated by an approved device wasm.p.s. The Hurdle height was.....Centimetres

I am satisfied the equipment used in this event complied with all the rules set by UKA/IAAF/ WMA. The stands used to support the bars in height competitions fully met the above rules, and the Jumps areas and runways did likewise. The weight and implement used by the competitor fully complied with UKA/IAAF/WMA implement regulations for the Masters age group.
