

## **Secretaries Report**

I offered my services as secretary at the AGM last year as there was an unfilled vacancy. My personal aim was to ensure that the BMAF executive met regularly and that there were minutes of meetings available soon after each meeting. There have been 10 BMAF Executive meetings in the year 2023. I also offered to assist the BMAF Council in arranging meetings and writing up their minutes, the Council has met 5 times in 2023.

Before I joined the BMAF Exec as Secretary I was aware from my roles within Eastern Masters that communication between the clubs/associations, the Council and the Executive was not always timely and good. Hopefully, communication is now better and more timely although there is always room for improvement.

I am offering myself for re-election as Secretary for the period to incorporation of BMAF should that be approved by the AGM.
