Gallagher still leads

Wilf Morgan takes a critical look at this year's National Veterans Indoor Championships held at Cosford on March 21

FOR ME, the big disappointment at this year's championships was the lack of class in the 3000m races. Few of the leading lights at the previous week's cross-country championships took part and some of the races had a distinctly second-class look.

However, Pat Gallagher showed and looked as impressive as ever as she led a couple of W35s, Susan Weatherburn and Lesley Degg, around for most of the distance and then burnt them off in the closing stages. Pat's 47 later this year and at 3000m would not look out of place in open championships.

open championships.

Although the M40 track performances (time-wise) were not as good as previous years there were some competitive races and I liked the 400m. Bob Minting went into the final bend with Pete Browne on his shoulder and he produced a splendid crowd-pleasing tactic, moving away from the kerb and taking Browney out into lane three. That bit worked — he entered the straight in the lead — but then lost it on the run in. Bob's method lacked an extra touch of class, he should have delivered a deft elbow in Browne's ribs when he had him high on the banking.

Dave Cowley put himself about to good effect—as he usually does, winning the 200m and the high-jump, and placing second in the hurdles. He had a bit left for the 3x300 relay at the end of the meeting and running last leg for Rugby pulled back a deficit of about 15 metres to overtake Blackheath right on the line.

The relays produced some good stuff. The women's was a battle of the Bromley belles; they had A and B teams entered but when they found there was no opposition they reorganised and turned out teams of roughly equal ability. The selectors did a good job, the runners were locked together all the way, Helen Godsell getting home just ahead of Jean Hulls.

I took in two or three of Pat McNab's pole vaults and I have to say she looks the part; plenty of speed on the runway and a good, determined pull on the pole. Not that I know much about it. I just wanted to record the fact that this chauvinist knows a creditable performance when he sees one. Pat went over 2.40 at the Palace recently and improved to 2.45 at Cosford. If she continues to take a fancy to the event, and works at

it, it should go higher.

The long-jumpers seem to have sprouted wings — there were good performances all through the card. Well, it is leap-year. BRs for Frank Taylor (M55), George Leete (M65) and Len Watson (M75), who says he doesn't practice the event in case he gets injured, just saves it for competition.

Jackie Charles (W50) won the long-jump and improved the WR in the triple-jump with 9.05. Iris Marti was second to Charles in the hurdles and long-jump but won the high-jump and she gets a mention because she's the mother of Debbie who's Britain's top high-jumper. Comparison: Debbie went over 1.91 to win the National Indoors at the NIA in February and her mother cleared 1.33 to win the W50 at Cosford. That's the first time a mother and daughter have won championships in 'the same event and same year.

event and same year.

There was a shortage of over-55 women but the four that have graced the vet scene for some time — Rosemary Chrimes, Carina Graham, Jo Ogden and Mary Wixey — are all World-class and it showed. It's a pity Jo can't get to World championships, she really is an outstanding W60. I was particularly impressed by her 31.6 for 200 — at 62 that really is moving.

Glyn Sutton pole-vaulted 4.20 for a win and a BR in the M45. Few Brits have gone over 4m and in that age-group it's a performance that rates in world terms. We don't have many stars in this event, and our world champs, Mike Bull (M40-1991) and Alf Woods (M60-1989) were absent. Bob Brown showed and won the M55 with 3.50. Bob turned M60 on April 9 and looks well capable of

improving the BRs in the M60 indoors and outdoors in the next 12 months.

The sprinters, who appreciate the indoor scene more than most, took their once-a-year opportunity to 'strut their stuff' indoors, and none did so more effectively than Ron Taylor (M55) who did his best to attract our attention with his gear. Running as well as he does he hardly needs to. He did the 60-200 double, along with seven others, and looked as impressive as ever. Perhaps the stand out performance was that of Roy Austin (M50) who won the 60, 200 and 400, although Barbara Blurton's 27.9 for 200 and 61.8 for 400 (a WR) was equally outstanding in the W40.

To this writer the field-event performances dominated this year's show. The only sour note concerned late entries, some were accepted, some were not. This needs to be explained.

Wigley follows up

Alastair Aitken reports from the BVAF Cross-country Championships at Cardiff on March 15 —

JOHN WIGLEY followed up his impressive victories in the Kent and Southern Vets Championships with a well controlled display of rhythmical running over the tough Pentwyn course — an event well organised by Dave Walsh and the Welsh Veterans AA. After a mile covered ex-international Pete Standing led the front group of the 164 finishers at a very hard pace of which Wigley remarked on afterwards: "If he kept that up I thought he would be hard to stop". What it did do was split the leading bunch up.

As they came out of the weods, to

As they came out of the woods, to force themselves up the first steep climb, Mike Hager and Peter Banks, the 1990 champion, who both beat Wigley in the National at Newark, were a couple of metres up.

By the three-quarter stage Hager had dropped away and the battle was between Wigley and Banks. Wigley then ran quickly down the hill and beside the brook opened daylight between Banks and himself. He was seen pulling further ahead, in his all red Invicta outfit and gloves, across the last large field to the finish.

The first three positions in the M45s were quite close. Alun Roper, who had been short on training with a calf injury, was caught by Harry Matthews as they entered the last field and Brian O'Neill's shoe came off at one point impeding his progress. He managed, however, to finish third.

Tynesdale's Roger Highnam ran his best ever cross-country to win the 50 and over event. Highnam, who had just turned 50 and the 1988 M45 BVAF 5k track champion (Cwmbran), was never out of the first three. He was close to early leader Phil Lancaster and held on to him well up the first climb before Steve James who has come second for the last four years, became his only realistic challenger. "I was hanging on all the way. I never felt comfortable. He made a special effort on the hills and I usually caught him just after but he eventually got away," said James afterwards. Lancaster came third.

Lancaster came third.

Dick Cooper from Worcester ran into very good form with a convincing M55 victory. John Chandler, last year's BVAF 5k M60 road winner, came second to Bob Peart who passed him "like a train on the third lap." George Phipps looked good again for a M65 victory. The M70 race was held in conjunction with the women's race and 73-year-old Dennis Eyres was a comfortable winner.

Chris Price had an outstanding victory in what was perhaps, the most competitive veteran women's National so far.

Price, the mother of two young children, was in devastating form. Having come second in the Home International on a short build up she made no mistake at Pentwyn. Price, now 39 and twice a commonwealth middle distance finalist, was headed by Julie Asgill by some 20 metres as the runners went out into the country after the small lap but, by the top of the steep hill, after coming back through the woods, Price was ahead and Bolton were well placed for the team award from then on.

She explained afterwards: "I knew, Continued on p3

First Prize: a colour TV

FIRST prize of the BVAF raffle is a colour television. We are raising funds for Veteran Athletics which still requires just that little extra something to survive financially.

Enclosed with this paper is one raffle booklet of five tickets at 50p each — why not sell them for the good of the veteran athletic movement. There are many prizes including a video recorder, weekend breaks,

cameras, to name but a few.

The draw will take place on Saturday, August 29, at the WAVA Road Running Championships in Birmingham.

On sale of tickets send the money (cheques to be made payable to BVAF) and raffle ticket stubs to Winston Thomas, 67a Waterside, Kings Langley, Herts WD4 8HE. If more booklets needed apply to Winston.

Jumping Jackie — a star

Although there were only four women (Jean Wills having had to withdraw due to an injury sustained two days before) the level of performance in the BVAF Indoor Pentathlon Championships, held at Cosford on March 8 was of a very high standard, Mollie Mills reports.

JACKIE CHARLES, W50, was the star of the event setting a World best in the Long Jump with 4.41 and a World best in the Pentathlon overall with a total of 3356 points. Sarah Owen, W35, retained her title scoring 3383 points to equal her World best of last year. Margaret Southerden provided Sarah with some close competition scoring 3268 points. Maria Williams' W40 total was 2742 points.

Mike James, M40, looked on form when opening his account with a 6.40 in the Long Jump, however, a disappointing Shot Putt dashed his

hopes of victory.

It was good to see Dave Cowley

back in action and pushing Mike Corden, the eventual winner, to a very close finish.

The M45s saw Lawrie Dunn snatch victory from Snowy Brooks with a very swift 1000m which gave him 808 points compared to Snowy's 492. The M50 age group was a close contest between Tony Hanley, Bruce Charles and Tony Mackay with Mackay securing first place with an excellent 11.46 Shot and 1.49 High

Colin Shafto retained the M55 title as did Philip Oakshott on the M60 age group and Les Williams, now in his 70th year, amassed 3272 points.

Three WR for Jimmy Todd

THE SVHC Indoor Championships were held at Glasgow's Kelvin Hall on March 7 and provided an exciting day of compe-tition with four World records and an

additional five UK records being broken. Star of the day was Northern Ireland runner Jimmy Todd, aged 70, who made his place in athletics history in winning has place in authorities by setting three world records. He warmed up by taking the M70 800m title in 2:34.2 then won the 1500 and 3000m events in 5:13.1 and 11:22.4 respectively. The 1500m event was an amaz-

ing 14 seconds inside the old record!

A fourth World record fell to Harry Tempan in the M65 division of the 3000m with a time of 10:57.8. The pace of this race was helped along by a tussle between 35-year old Janet McColl and 62-year old Willie Marshall with the young mun from Glasgow just gaining victory in 10:33.5. Janet had already won the W35 800 and 1500m events so this made a fine

In the M40 men's age group there was fine sprinting from Mike Hemmings who won the 60m and 200m in PB's of 7.6 and 24.9

Best all-rounder was Hemmings' Pitreavie clubmate, Eamonn Fitzgerald, a 30-cigarettes-a-day man who appears to be an exception to all the health warnings. He set a British record in the M45 High Jump with 1.76m and also won the Pole Vault with 3.65m.

Fitzgerald was narrowly beaten in the Long Jump by Jack Gelder who cleared 5.57m on his final jump, and Gelder also ousted him in the 60m hurdles with 9.5 But after a cigarette Fitzgerald was the

victor in the triple jump with 11.81m.

Former internationalists Cameron
Spence and Colin Youngson fought a fierce duel in the M40 1500m, with Spence just sprinting clear in 4:16.3, however they were both outclassed by Falkirk's David McKenzie in the 3000m when he ran away from them in a fine time of

Other British records fell to George Bridgeman (M65 200m, 29.1), Harry Tempan (M65 400m, 66.6), John Scott (M50 shot putt, 14.03m) and Joyce Rammell (W40 triple jump, 8.66m). Irene Morrison equalled the 200m record with

Zatopek to support WAVA road races

Emil Zatopek, triple gold winner at the 1952 Olympics, is to be a special guest at the WAVA Road Championships to be held August 29 and 30 in Birmingham. Zatopek supports and encourages many such events but al-though he still runs himself he won't race.

The organisers of the event are expecting a good entry from abroad to add to the already strong entry coming from Britain. The closing date for UK veterans is July 31 - see ad p11

Meeting pivots on polevaulting Pat

Carina Graham shows her enthusiasm for the SCVAC Indoor Championships held at Crystal Palace on Saturday, February 29.

BRILLIANT sunshine and bright skies greeted us on arrival at the Palace grounds. With Spring in the air and the prospect of warming up around the world famous track what more inspiration could one hope for to run off long months of winterblue training?

Our friendly AAA judges are there, the blackblazered SCVAC officials looking immaculate and Barbara Terry calmly in charge of organisation.

Great to see so many familiar faces: the explosive sprinters, jumpers, multi-eventers - all eager to get rare indoor competition in before the UKs at Cosford in March. Les Williams from Cornwall, fit again after being a spectator in Turku, Pat McNab clinging to a pole, insulting her feet, "can't jump or hurdle" and Dennis Philcox, M70, from Ireland. From the first shot the crowded hall was positively buzzing. Waves upon waves of sprinters head-on towards us: Lucas (M40) the fastest on 7.6, Pope (M45) a 7.8, three M50s in 8.1 — Ariss getting the verdict — bettered by Gray (M55) with 7.9 and an M65 8.8 best and pb for Adair.

What is all the excitement about around the PV? Pat McNab channelling all efforts into her new event. Polevaulters are a special breed. The prerequisite is outstanding all-body fitness. They are power athletes, fast and strong, and agile with a quick-judging mind to use technique. They are courageous and quite loony—a bit more so than most of us vet athletes are.

The women's 60m: Godsell (W35) the best with 8.4; Ruth Allcock (W45) "I am stuck on 8.8" (wish I had this problem). Evaun Williams, Jackie Charles and I sprinted — then over to the LJ. Since Jackie turned 50 she is bristling to break records encouraged by husband Bruce. Her best is 4.22m - only 9cm short of the WR. I follow that with 4.09 for a W55 BR (previously 3.75m) and just better than my World bronze.

Meanwhile the 60m hurdlers are in full flight and McNab is well over the 2m mark. There was a breathtaking contest between James (M40) and Ferguson (M50), the hurdles specialist, who wins with a

fantastic 9.1 time for a new M50 BR. And Les Williams is back in top form with 10.8, one tenth outside his BR. Not bad for February!

Rob Bush, ex Euro 400m champion, is a firm and understanding track judge, sorting different hurdle heights. It's my dreaded event requiring 101% concentration. Up with Jackie I realize I am in front after the second hurdle making sure I stay there (a 11.6 pb). Helen Dyble clocks 10.4. It's non-stop action. I go out into the sun, jogging and gulping in the crisp air. Over at the long jump pit James shows his good early form with a best of 6.41m and M60 Kalirai a 4.75m. They repeat this in the TJ with James over three metres ahead of all leaping to 12.98m. The women's TJ is so new and I get caught up in the atmosphere.

Polevaulting Pat is soon attempting the 2.40m, Jackie's mind fixed on a TJ record. In spite of a skimpy hop she manages 8.60m - a new BR while we see Pat clearing the 2.40 bar for her WR. Joy and applause and relief.

Down at the far end a thick hush hangs over the confined area of the shot putt where the tall Figueredo (M50) has the best putt of 11.76. Has Bernard Metcalf really moved up to M75? He pulls out a splendid 9.46m for a BR — 15cm short of his M70 BR. Then it's the women's turn: at one end weightlifting Janis Kerr is pacing in gloomy concentration, at the other end, at treble speed, Bronwin Carter, a compact parcel of energy psyching herself up, stomping into the circle, deep breath, careful shot-placing, it's quite a performance. She shifts, explodes and out flies the 4 kg in a high curve with a yell to 12.22m. That one got her impish grin. Then Barbara Terry sets a W45 BR with 10.71m in spite of shot shoes left in the boot.

There are only Freeman-Austin (W45) and lightweight Dyble left in the HJ and both finish on 1.50m. And of course Mark James, who rounds off the championships with a marvellous 1.70m jump. On leaving Crystal Palace I reflect what an action-packed, well organised, successful, six BRs and two WRs, afternoon it's been. Great atmosphere, happy faces, yes let's do it again next year SCVAC.

was running well. At Pentwyn I led at odd spells early on but Julie went quickly ahead on the first lap. I did not want to hang on to her. I thought 'I am going to have to make her work if I want to beat her.' I tried to push it into the wood in the mud and get up the hills as quickly as I could. I was tired but said to myself to keep running hard as you can't underrate your competitors and Julie is one of the top runners in Britain and has recently done some good 3000m races indoors.

There were other performances of special note — Pat Gallagher, 47 this year, was overall fourth just behind the third W35, Ann Turrington. Gallagher's astonishing run made her an easy W45 victor. She said: "It was not my sort of course as I lost ground on the hills — but I did gain on the flat." Felicity Sperke, winning overall, was first W40 home.

Another impressive run was by Maureen Singleton who won the W50 title. Lola Smal was a good W55 winner while Shaftesbury's Betty Forster took W60 and the much raced Grace Bulger tackled the hills and mud for the W70

LETTER

May I comment briefly on two letters in Issue 21; from Carina Graham (WAVA rules awry) and Alan Braddock (I run at the back so those in front...). Carina is right to point out seeding difficulties and my Stadia Committee made all these points before the General Assembly voted on the proposal made by an affiliate country. I am now making sure that the Japanese organisers have good guidance on how to ensure that the fastest

performers do reach the next round.

I believe Alan need have no fears about WAVA competitions becoming clitist. Entry standards are not envisaged The team vest rule applies only to team events, relays, cross-country where identification of the team helps officiating. BVAF would, of course, like all its members to wear a BVAF vest proudly in international competition. We welcome Cesar Moreno Bravo of

Mexico, the Chairman of the IAAF Veterans Committee, as a member of WAVA Council. This can only make for greater progress on things that matter. I met him in London recently and have taken up with him the question of acceptance of professionals and the continuance of actual date rather than year of birth being the qualifying factor for age-group change. IAAF has been ill-advised on these points in the past. His presence is not an IAAF take-over.

I should like to thank the many

veterans who contacted me or my wife Peggy, expressing good wishes and hopes for recovery during my recent hip-replacement operation. Letters and cards came not only from my close friends, but from many other unexpected sources. Thank you one and all.

Bill Taylor. Vice President (Stadia) WAVA

How to spice up relays
I would like to raise the matter of relay
teams in BVAF track and field competitions. Relay teams are made up of BAF affilliated clubs and not the BVAF clubs. Surely this should change Not many clubs can raise a strong 4 x 100 or 4 x 400 team but I am sure Midland Vets or Eastern Vets, etc, could raise a real challenge to any of the others. After all, it is a BVAF national championship not a BAF one. It might have the added bonus of retaining the crowds.

The matter will be raised at the next delegates meeting in November. I would appreciate any views on this matter. Please write to me at 42 Wimbotsham Road, Downham Market, Norfolk PE38

A Perfect Mis-match

have just received my Veterans Great Britain kit and was extremely disappointed and will be ashamed to

wear these mis-matched garments.

The three stripes across the front of the vest start almost under the right armpit and soon disappear under the

shorts. The stripes are too low and this creates an imbalance,

Unlike the vest the shorts have only two stripes, red and blue, which are to the front of the side seams and seem to be completely out of place when worn with the vest.

I accept that taste is personal but as the shades of colour in the vest and shorts do not match — this surely is not a uniform kit but an 'Odd Job' kit. Why did the BVAF choose this odd mixture?

Life BD

A message to all vetrunners, experienced or new, about time and running.

It seems to me that with today's

running there is far too much emphasis put on timing a run. In the days BD (before digital) all we did was to do our run, over whatever distance, and not worry about how fast or slow it took. The

object was to enjoy running.

Even track sessions need not be timed. It does not matter whether you are doing 200m or 1000m intervals. All you have to do is run to the best of your ability and if at the end of it you feel you have worked hard that is all that matters. The timing is not as important as actually getting onto the track and running.

Running is not only about getting fit, it is also about enjoying what you are doing. So with the World Road Championships in Birmingham at the end of August in mind, let's see less clocking on and off and more enjoyment put back into your running. J. Burroughs

SECRETARY'S REPORT

Bridget Cushen

Attention all male 800m runners

The high profile annual Loughborough Students AC Past & Present versus the AAA match, to be held at Loughborough on Sunday, May 31, will this year include a veterans 800m. If you would like to be invited please get in touch immediately with your veterans club secretary.

Ratification of Veteran World Records

Many of our members compete for their club in league races against younger opponents or in open meetings. Such opportunities often lead to an age group World/European or British record. If you find yourself in such a situation the onus is on you to take the necessary steps to have your record ratified. First, ask the chief track judge or field event judge and timekeeper/measurer to let you have a signed result slip. Secondly, check on wind gauge, weight of implement or height of hurdles. This should be

forwarded to Wilf Morgan, Chairman of the Records Committee, 159 Marsh Lane, Erdington, Birmingham B23 6JA, together with date, venue and details of the meeting.

Are you a statistician?

Wilf Morgan is stepping down as Chairman of the Records Committee at the end of this season. His knowledge, expertise and love of this side of athletics has been invaluable over the years.

We now need a replacement for this interesting

but exacting job.

The future of your Federation

On the agenda of the AGM we already have some thought provoking items such as: should the women's walking distances be exactly the same as Bill Taylor is not seeking re-election as Chairman and to date I have received the following nomination for the post — Keith Whitaker.

This year there is a proposal to create four

assistants to the chair, whose areas will be: Cross-country, Road, Track and Field and Policy/ International Affairs. If passed by the required two-thirds majority elections for those posts will follow. I have received the following nominations: Cross-country — Ted Butcher and Bernie Plain; Road country — 1 cd Butcher and Bernie Plain; Road —
Martin Duff and Dave Walsh; Policy/International
Affairs — Ron Bell and David Coward; Track and
Field — Mike Wrenn. Two women, Jeanne Coker
and Maureen Farish are seeking the Women's

seeking re-election: Hon. Secretary, Bridget
Cushen, Minutes Sec. Ron Franklin. Treasurer, no
nominations, ver. to, hand. The closive date for nominations yet to hand. The closing date for nominations or proposals is not until 6 June.

There will, of course, be the annual elections

All the big names

Wilf Morgan reviews More than Winning by Alastair Aitken published by Temple House

Books, 26.95.
A TREAT for track fans — 285 pages of interviews with top athletes over the last 25 years and excellent value at 26.95.

I have some of Alastair's tapes, and I've watched him at work — hanging on every word like a devoted fan. All the big names are there, most of them interviewed after a major triumph, but the reflections of Wooderson and Pirie, looking back on their years (they are as different as chalk and cheese) make compelling reading.

make compelling reading.

This is a book for somebody who watches the performance and wants to know about the personality behind it. Not all the stars are articulate but the ones who are do the sport proud. Al Oerter and Tommie Smith come over as men who have the balance right, they have succeeded as athletes and succeeded as human beings. Some of Oerter's pro-nouncements could stand as a dedication to veteran athletics, as De Coubertin's do to the Olympic

Differing from most of the interviewees, Mike

Boit says he had no confidence, needed to be encouraged. Coe is surprisingly expansive, you get the impression Alastair made him feel at ease, there is ne of the stiff formality of his TV interviews. There's John Gilmour on his M60 victories at the 1979 World Vets - for my money one of the great vet performances.

I liked this book better than I thought I would. I have to say there is a shortage of top women. But that does not take much away from a book that sets out to give the performer's view of our sport and in my opinion succeeds. Most interviews are interest some are riveting — if you're a fan it should find a place on your bookshelf.

MAUREEN FARISH
Standing for the Women's
Representative
"Women are the minority within
veteran athletics and need a special
representative at the highest level.
While I acknowledge that female
participation is on the increase and
that the veterans movement has
pioneered events such as the hammer and steeplechase for
women it is, however, essential that, until women achieve
equal status with men in all spheres, women's interests be
debated with equal emphasis. It would be my
responsibility to see that this is done. The promotion of
veteran women's athletics requires the positive support of
sport administrators, male athletes and the athletics press.
The aim of the women's representative for the BVAF
would be to enhance the status of veteran women and
encourage more women to enjoy the full range of athletic
events. I have been actively involved in athletics as a
competitor and administrator for ten years and am a
founder member of Bromley Veterans AC. The
professional skills I have developed in the field of equal
opportunities will be useful qualification for the post of

From Champion to Chairman

In 1976 Bill Taylor's wife, Peggy, spotted a newsitem regarding the formation of a new athletic club, March AC, and sent Bill, aged 58, along to get involved. There someone lent him copies of Veteris and what with having maintained his fitness and now regularly running for his new club he reckoned he could be up with the leaders of his age category. So he joined the vets. It is a little while since we have seen Bill Taylor striding round the track in his cap and upright style but remember he was a Champion athlete before he became Chairman with 15 BVAF titles plus the 800m and 1500m

records to his name. He was born in 1918 in Sheffield though his family moved shortly after to East Anglia where he attended Wisbech Grammar School on a scholarship. His life long interest in athletics began there and in his last year he won the school's half mile, mile and cross-country titles. In the RAF (which he joined on the engineering side in 1935) there was an active inter Services athletic scene and in 1937 he won the half mile RAF junior title.

The RAF called on him regularly to organise teams and events for inter Service competition and wherever he was he was pulled in to do his duty — athletically. All during his twenties there were slightly more important tasks to be undertaken — the war was on — but he run wherever and whenever he could.

In 1953, aged 35, he had his most memorable and rewarding race. He came second to a young subaltern named Derek Johnson, a future Olympic silver medallist, in an inter Services sports event out in the Middle East. On the sandy track Derek ran 2:01.2 and Bill 2:03.

He finally stopped running competitively when he was 48. But he did run to keep fit and kept involved with athletics as a team manager. In 1960 he became a Wing Commander and ten years on he retired from the RAF to become a Director of Administration in a financial

advisory services company. From middle distances to marathons

As a veteran Bill made his first mark in the M60 As a veteran Bill made his lirat mark in the Mool category: European 800m gold medallist (2:27.7, Viareggio, 1978); a year later World 800m bionze medallist (2:24.8, Hannover) and European 300m Steeplechase silver medallist (13:44, Helsinki, 1980 — the first time he ran this event as a vet). He also regularly reached the finals and 1500m — for instance at Hannover in 1979 alongside his bronze 800m medal he came sixth in he 1500m (5:00.9). To top it off he ran the Marathon in

3:31 a time be improved later that year to 3:22 at Harlow. It was at the Harlow that he realised something was not right and comming revealed the start of arthritis. But despits some doldrum years he managed to get himself into contention for the 1984 European games which were held at Brighton. He was after all in a new age group. That June saw him win the Italian Open Masters 800m.

with a 2:38.6 at the Championships in Salsa Maggiore. When he lined up at Brighton in the M65 final he calculated that (because his energy had gone into the organising side of the meeting and his brain had been working overtime in the computing room) he would go as far as possible as fast as possible and see what happened. In the event he was

overtaken on the run in. His time was 2:40. Tie sdness took its toll, A month later he ran 2:32.8. Next year in Rome he qualified for the 1500m with a heat time of 5:39. The final was early next day and he ran 5:41. He found he was stiffening up badly and failed to qualify for the final of the 800m. After that it was a built of the final of the 800m. After that he was the final of the fin against worsening arthritis. He kept himself as limber as essible through non-impact exercises and cycling and

does so to this day

But as he reluctantly withdrew from the track so he wa able to take on more administrative work. He helped in the formation of EVAC (1979), was their inaugural chairman and also became a Council delegate. Later he was Chairman of MVAC and 1988 saw him elected Chairman

Major tasks he has undertaken include guidance note Major tasks he has undertaken melitode gustaine e noisi for track and field events organiseen and the newriting of the constitution and the restructuring of BVAF. He has been active too on the World scene.1987 saw him contribute a great deals to the Melbouring agmest and in 1989 he became Vice-President of Track and Field for WAVA.

He was also in the team this started this newspaper.

During his time as Chairman he has always given fair
attention to anyone who wished to put their point of view and has never shirked from being accountable. He has spent four fruitful years guiding the BVAF into a more professional structure — a structure that should work attongly to increase the standing of all British veterans and thus be able to receive the full support of BAF.

As he steps down from being Chairman he hopes to have laid the ground work in two particular areas. He would like to see a WAVA track and field championship held on British soil believing it important for the BVAF to remain in the forefront of the International scene and he would like to see development of the movement to represent al

A new age group sparsav

Bill has always been interested in the scientific side of
physical prowess and his philosophy, which he brought to
his own running, is very much about not kidding oneself.
As to his own physical problems he has always kept
optimistic. Spring this yeer saw his first hip replacement

operation. He is recovering fast and already working out or his stationary cycle. Soon he is to have his second hip done And there is a new sparkle in his eye. February 1993 sees him into the M75 age group and if he can rebuild an maintain cardiovascular fitness through exercise an Sarah Cawkwell

between 17 and 24th. The final race - M50-59 and W35-49 — had the largest field and was led away by the consistent Phil Lancaster who may have paid later in the race for his heavy racing programme. John Dear loated at Lancaster's shoulder and then moved away with apparent ease for a 16:07 win. The M55 race was much closes with Charlie Crump pushing Ray Davidson, maintaining his good winter form, to a new record and seventh place overall.

Celia Duncan moved to third on the all-time list in winning the women's race. well clear of Pat Gallagher who goes on

Henry Emerton for EVAC came from the

ck after 4k to win from Mike Hager by six conds. The next four numbers were MVAC orers: Hager, Peavoy, Grey and Tennant. shist and Tim Smith crossed the line together the East followed closely by C'Gorman IVAC). With five out of six in, Midlands ld be expected to win the M40-49 section but an agonising wait for Gavin Woodward just saw the initiative slip away as first John lenkins, Paul Turner and then Pete Watkins all ished for the East to score an average time £32.27 to the Midlands 32.44 to take back the

The M50+ section saw a depleted Midland am calling on a dual member to score for Championships.

IDLAND Yets took up the challenge and them. With the East's strength in depth in this section the Midland team was well beater. EVAC averaged 34-26 to MVAC's 36:42.

The women's race looked an intriguing one with Sally Johnston, Elaine Statham and LindaWhite for the Midlands and Diane Marsh. Felicity Sperke and Vikki Green scoring for the East

Marsh's run was outstanding and gave a good base for the East but Johnson and Stathan ran together and got away from Sperke tipping the balance of the advantage back to the Mid-lands. Green had a fine run for the East getting away from White by some 36 seconds on the second lap which finally clinched it.

A competitive event that should realise its full potential next year with a date more removed from the Cross-country and Indoor

No Late Entries Please note that the closing date for entries for the BVAF National Track and Field is June 13 and not as printed in the advertisement in the last issue. No late entries will be accepted under any circumstances. Entry form p2.

Home International Cross-country 1992 The Home International has been awarded to Northern Ireland by the BVAF awarded to Northern relained by the 5 VA-for the fifth running of this event. The races will be staged on Saturday, October 31 on a course adjacent to the Valley Leisure Centre, Newtonabbey on the outskirts of Belfast. An invitation has been sent to the Southern Irish Veteran Association to participate in these races as guest teams. It is hoped that all the Home Counties will attend and with the expected involvement of teams from the Republic of Ireland, the Championship should provide interesting competition. The event will be sponsored by Northern Ireland Electrics and Newtonabbey Borough Council.

T&F League for EVAC Eastern Vets TäF League for EVAC Eastern Vets have launched their track and field league on April 29. So far five clubs have come forward to compete: Ryston Runners, Kettering Town Harriers, Bedford & County, Cambridge and Coleridge and Huntington. Others are welcome even at a late stage. The meetings will be open to guest runners at the referee's discretion. Inter Club Track and Field 1992 This will be hosted by EVAC on August 23 at Bedford. The programme will be as last year. Enquiries to Peter Duhig 0366 388158

Entries for the Half The organisers of the BAF Veterans Open Half Marathon will be SAT Veterans Open hair maration with taking entries up and including the Saturday before the race. £5 (BVAF members) £6.50 (unatt) to J Walker, 111 Cooks Lane, Kingshurst, Birmingham B37 6NU.

Kristiansand Team manager for British veterans going to Kristiansand for the European Track & Field Championships is John Mills.

Oswestry final This is the last time the BVAF 10Mis to be held in Oswestry. Much appraciated by all runners is the light buffet meal that organiser, Doug Morris, and his family provide after the event. The event has more than doubled in size over the eight years it has been held there and it has always received the support of the Cowestry Sports Council and the local council. Past overall winners have been Graham Astill. Martin Duff. Alun Roper. Graham Astill, Martin Duff, Alun Roper, Harry Clague, Andy Holden, Peter Banks and Dennis Fowles. Doug has always felt that the women's race has not been well attended but there have been fine runs from the likes of Zina Marchant and Bronwen Cardy-Wise. This year that he hopes the women will turn out. See advertisement P4.

Bangor, January 18
A field of nearly 120 runners took the
starter's gun to run over three miles through
a wooded parkland course and Mike Hager
representing Sparta AC lead from start to
finish and won in a time of 15minutes 51seconds.

Siseconds.

Hager who hails from Dungiven, Co.
Derry, now lives in England and has
represented England at Veteran Crosscountry levels. He was third overall at the recent Home International held in Aberdeen

running for the England 'B' team.

John Curran, Newcastle AC, was second followed closely by Desi McHenry from Willowfield Harriers. The team event was won by Duncaim Olympic AC on 22 points followed by Sparta AC on 27 and Albertville Harriers on 42 points. Jimmy Harris

Defending M40 champion Henry Emerton made fairly short work of retaining his title. Peter Duhig relinquished his second place to Jim Smith at about 8k. where he came out nine seconds to the good.
The M55s Category saw Laurence
Connelly win by 30 secs from Sam Heath.
Doug Linton ran away with the M60 title
and the M65s saw EVAC member No 001,

George Phipps, win with a fine 40:09.

The women's race was won by Diane
Marsh running an excellent 36:50. She took
the W35 title to follow up an outstanding National Cross-country performance the week before. W40s winner, Felicity Sperke, was also on a high after her National title at Cardiff

As is traditional in the East, our AGM was held after the 10k with no less than 56 members attending. One of the more important discussions which took place concerned our newsletter, the Eastern Vet. As with most things these days, cost was an As with most usings these days, cost was an important factor in determining its future shape and size. So popular and vital was the publication thought to be for maintaining the wellbeing of the club, that the editor was given a mandate to continue to produce four editions a year. The Committee remains much the same with our progressive Chairman Peter Duhig re-elected for a third year but we have a new secretary in Peter

Chaplin who has long links with the East through Cambridge and Coleridge. PD and IV-A

Veterans Athletic Club News

The Cross-country season was probably the driest on record. Fast times abounded but a variation was that set by Margaret Auerback who in January improved her W40 course best and in March added the W45 - but five seconds faster than the former! Numbers -250 competing - spoke for the enduring popularity of cross-country. Less fortunate was the loss of the Club's

winter base. The local authority closed our Wilberforce School and amalgamated the pupils with another school. The premises ar now leased to a private school whose doors

Thanks to Troon Tortolses SCCU National Veterans Cross-country Championship, Troon, February 2

Thanks are due to Troon Tortoises for their excellent organisation of this event. The trail over 10,000m of wind-swept Ayrshire farmland, was a true cross-country course taking in a mixture of woodland, muddy

ploughed fields, long grass, and one or two firmer fast stretches.

Ian Elliott successfully retained his title in the SCCU Veterans Championship at Troon after a closely-fought duel with former double champion Colin Youngson Elliott, a 43-year-old knitwear stock-room worker from Hawick,

opened up a 70 metre lead on the opening lap, but Youngson was not

overswed and regained the lead on the second longer lap. However Elliott held on and put in a sustained sprint to finish 9 seconds clear in

DUNCAN OVERTON of Kendall AC, who crossed the line first at EVAC's Cross-country Championships at Kettering, was disqualified for failing to wear a club vest. He was the defending champion. To his great credit Duncan took the decision philosophically apologising for the error and remarking "I enjoyed the run and have no argument with the decision." T title went to Peter Duhig.

The Multi-disciplinary training day that was to have taken place at the end of March has disappointingly had to be cancelled due to lack of support. Ten members only expressed interest. The organising committee is prepared to try again if an indication is forthcoming for the masons for forthcoming for the reasons for its failure. Please write to IRENE NICHOLLS with your views at Rainbow Cottage, 15 Meadow Lane, Alvechurch, Worcs B48 7LH.

VETERANS were mentioned during the BAF's AGM in Birmingham on March 28. It came during a discussion on a proposal that Britain send a full proposal that Britain send a full quota of athletes to World, Olympic and European Championships providing qualifying standards were achieved and sufficient finance was available. KEITH WHITAKER, representing his club, Bradford Airedale, asked if that was meant to include veterans. He received the reply veterans. He received the reply that it did not. The feeling was that as there are no qualifying standards for veteran championships there could be no financial assistance from the Federation

WILF MORGAN donated blood for the 48th time on March 4. His first 'armful', he says, was drawn while he was in the RAF in 1956. while he was in the RAF in 1956. Can any athlete beat 48, he wonders. He is claiming a BR, having never got one on the track. Donating only affected his running on one occasion, he ran a 5k road race two days after and admits it was a silly thing to 6. Apart from that he claims no do. Apart from that he claims no ill-effects. He encourages other runners to give blood, but not have it pumped back in a month or so later — of course.

VARIOUS ESCORTED SPORTS TOURS is being taken over by VEST TOURS LTD as from April 1, 1992, the same people are running the company.

LES PRESLAND has had to retire from athletics due to persistent hamstring problems since Spring 1989. He says he will miss athletics but will keep will miss ameters but will keep in touch from time to time. He will though now be able to devote more time to his other sporting love — Farnborough Town FC.

A couple of years ago the NVAC Cross-country Champs were held in Witton Park at Blackburn. The starter for the O40 race was JACK BETNEY, one of the club characters and a real joker. Having just run the O50 race he was really buzzing He insisted on starting the race on time, while some of the field were very insistant that there was still about three minutes to go. Their team-mates were still stripping off. stripping off.

"I set this watch by the radio this morning and it's dead right," and so saying he lifted the starting pistol above his head, shouted: "READY — STEADY - dick" The gun failed to fire! Just then, a little voice in the pack said "Told you it were
