INSIDE: BRITISH AND WORLD INDOOR RECORDS... BVAF HALF MARATHON CHAMPIONSHIPS

Sent free to members of veteran clubs affiliated to BVAF

Number 33

The Newspaper of the British Veterans Athletic Federation

Winter 1995 £2.00

The BVAF Indoor Championships, held for the first time at the National Indoor Arena, Birmingham on Feb. 12, again produced record breaking performances. With entries received from about 450 athletes an all round feast of records was expected. It was the women, however, who excelled. All ten World Records

achieved fell to women, as did twelve of the eighteen British Records to fall. The opening event produced the first World Record, W55 Jean Hulls clocking 10.9 in the 60m Hurdles. We also saw two British Bests in this event, from Colin Shafto, M60. and Tony Rawlinson, M75.Two World Records fell in the 60m. Helen Godsell, W40, finished two metres clear in 8.1 and Una Gore ran 8.9 to clip her own W55 World record. In the 200m Hulls set her second WR of the day and reduced the existing mark by more than half a second. Godsell added a British Record for the W40 200m and Peggy Taylor, W75, collected another BR in this event to add to the 60m she achieved earlier in the day. There were no records to celebrate in the men's sprints but there were some exciting races. Wal Franklyn and Alasdair Ross almost dead heated in the M40 race, with Franklyn getting the verdict, and the M45 and M50 events had

similar tight finishes.
After his recent World Record M45
800m run of 1:57:32 in Budapest all eyes
were on Pete Browne, but a slow first two laps ruled out any chance of a repeat performance, winning in 2:06.8. How-ever, Browne made amends in the 400m when he sliced over a second from the

Another overseas win was that of Diny van de Ven, Netherlands, but it was a close shave. Coming off the final bend in the W40 400m she was four metres clear, but, mistaking the finish line, she almost stopped, and was nearly caught on the line.

in the 3000m Walk, including World Records by W35 Sylvia Black [13:54.2] and W55 Jill Langford [17:43.3]. Cath Reader [by over three minutes], Ann Lewis, Mary Worth and Len Creo beat the existing British Bests.

Above, Peter Browne W50 & 55 60m. Sylvia Wood (309), Mary Axtell (303), Una Gore.

British Best, running 52.1 and winning by two and a half seconds. We saw a thrilling M55 400m race with Wilf thrilling M35 400m race with With Morgan just failing to catch Ron Anderson on the line. Other good performances came from John Henson ,M50, in 55.3 and Brenda Green with # British Record in the W65 group.

The most impressive performance in the 800m was by M40 Dave Wilcock who, after a scorching final 400m, only just failed to beat two minutes. Jimmy Todd, from N.Ireland, ran superbly in the M70 800m to clock 2:42.3

Expectations were high for the 1500m after John Potts' World Best 2:05.09 800m on the same track the previous day. Although he finished strongly over the last three laps, however, he could not over-come a relatively slow first 800m and finished four seconds adrift of the M50 1500m WR in 4:21.6. Stylish Peter Molloy displayed his finishing kick to surge away from Ray Weatherburn after a good bat-tle in the M45 event and Dave Bedwell had to work hard to keep Dave Wilcock at bus in the M40 races. bay in the M40 race.
The 3000m provided an interesting

series of contests with the M40 race being one of the best. After nine laps Bill Bailey, Mike Higginbotham and Archie Jenkins were well clear, but Bailey unleashed a blistering final two laps to win by five seconds. The combined M50-M55 race saw M50 Eddie Cockayne battling with M55 Steve James over the final laps. After several changes of lead, Cockayne had no answer to James' speed over the last 200m.

Teresa Dyer ran away with the W35 3000m title in an excellent 9:45.0. A number of overseas athlets were competing in the Championships and one of them took home a World Record. Joan Ottway, from the U.S.A. ran a superb 10:43.9 to win the W50 3000m by over 20 seconds, no doubt helping Elaine Statham to produce a British Record of 11:03.4 on the way. Joan Manners also ran a BR of 11:52.5 in the W55 group.

No less than six records were achieved

In the field events we had another double WR performer. Scotland's Sylvia Wood leapt 4.55 in the Long Jump and 9.2.1 in the Triple Jump beating the existing W50 World Bests by 24 cms, and 15 cms.respectively. Jean Wills took the British Record in the W45 Long Jump, and Betty Steadman, W60, clipped a fraction off her own British Best.

We have come to expect hew records.

We have come to expect new records from Mary Wixey and she duly obliged. She leapt 5.65 in the Triple Jump to beat from Mary 11659 as the Hope to beat the W70 World Best, having already set a British Best in her age group for the High Jump. Colin Shafto and Tony Rawlinson also set British Best marks in the High Jump for M60 and M75 re-Results page 11

Closing Date sare reminded that entries for Members are reminded that entries for the WVAA Track & Field Championships in Buffalo, USA from July 13th-23rd must be received by Barbara Dunsford (address on page 2) by April 30th.

Shelly's Design

Many appreciative comments were made about the quality and design of the new about the quanty and design of the new BVAF medals, presented for the first time at the Indoor Championships at Birming-ham. The design was originated by 18-year-old Michelle (Shelly) Ely, of Gaywood Park High School, King's Lynn happy wellow Carls Peacherships. Synth. where walker Cath Reader teaches. Shells would have been very excited that her design had been adopted and minted for the BVAF's use in 1995, but tragically she died a few days before the Championships as a result of a car accident. Her family are proud that something of her creation be valued by so many other people.

First prize: a colour TV

Enclosed with this newspaper is a book of raffle tickets. It is vital that extra funds are raised if this publication is to be kept going, and we ask all members to try to sell the tickets. It costs at least £2,000 to produce and distribute a copy of the paper to every member of the BVAF and, although we have income from the BVAF capitation fee, advertising, donations and the prize draw, we still need extra revenue to ensure the future production of your newsletter.

Where members have in the past indicated that they do not wish to receive tickets, we apologise for sending tickets now, but it is costly to be selective on a mailing list containing thousands of names. The book contains five tickets priced at 50p each and more can be ob-tained from Winston Thomas on request

There are at least twenty prizes to be won, including a colour television, video won, including accords take stool, visco-recorder, bicycle and a weekend break. The draw will take place during the BVAF Open Track and Field Championships at Exeter, August 5th/6th. On sale of tick-ets, please send ticket stubs and money (cheques payable to BVAF) to Winston Thomas, 67A, Waterside, Kings Langley, Herts WD4 8HE.

International Cross Country Women's Race. Leading group on the ridge, from left Jan Stevenson, Denise Hoogesteger, Sandra Branney and Teresa Tuohy.

Treadwell Regains Title

Alastair Aitken reports on the International

Heavy rain made the hard Silksworth cir-cuit an even greater test of stamina when the North Eastern Veterans AC organised the British and Irish Veterans Cross Country Championships on November 12th. Eng-land only justfailed to make it a clean sweep for the third year in a row as, although they won all the men's categories, some spirited performances by the Republic of Ireland and Scotland women's teams gave them a share of the awards. Alistair Aitken sent us the following report.

Men's race – 10,167 metres

Bob Treadwell turned the atrocious conditions at Silksworth to his advantage and regained the International Cross Country title. Mike Hager, who had previously defeated Treadwell this year, set a furious pace and was quickly joined by Englishmen Mike Higginbotham and Terry Osbourne toegether with Pat Corcoran from next year's hosts, the Rerublic of Ireland. At the end of hosts, the Rerublic of Ireland. At the end of toegetner with rat Corcoran from ext year's hosts, the Republic of Ireland. At the end of the first of the three laps, Treadwell was some 40 metres down, finding it hard to match the early pace. But he found the muddy conditions to his liking as the race progressed and reduced the arrears to 10 metres by the end of the second lan.

As they approached the last long hill before the finishing straight, his raking stride oerore the mining stragmt, as rating strate opened up a gap and enabled him to add this title to his 1992 victory in Northern Ireland. Higginbotham followed up his impressive third place in the Barnsley 10K the previous week by gaining the runner-up spot, only eight seconds down on Treadwell, and Osbourne confirmed his early season form by elinehing third alone.

by clinching third place.

That wonderful competitor Alun Roper, despite running his third race within a week and also picking up an injury in midweek, came up trumps again. Only a few weeks before his forty-ninth birthday, he won the before his forty-ninth birthday, he won the M45 group, finishing in sixth position overall, just behind Hager. There were so many good over 50-year-olds on view that it was impossible to choose the probable M50 group winner beforehand. The man who excelled was Phil Lancaster who has been running well in the North East. He finished 28th of the 102 finishers with Graham Patton, second in M50 group, only three seconds adrift. Maurice Morrell followed his M60 win at Barnales by heading the asse group at win at Barnsley by heading the age group at

Women's race - 5,274 metres

Denise Hoogesteger,41, born in Newcastle and who has a Dutch husband, an English mother and a Norwegian father, has had the best season of her athletics career. She has achieved numerous personal bests at various distances during the year but she saved

her best performance for this race.

There was a large group in the lead for more than half the race, but it was some-times difficult to follow the action closely as the rain pelted down on my glasses. Among the group were three Republic of Ireland W35 runners. There were the North of the Thames cross country champion Teresa Tuothy, Mags Greenan and Joan Hough. England had Hoogesteger, Janice Moorkite and Marian Wooldridge in the

With just 700 metres to go, Scotland's Joan Stevenson and Sandra Branney tried to make a break for home with Hoogesteger make a break for nome with Hoogesteger close behind. Brian Edwards, her club coach had said: "If she stays with the leading group right to the end, Denise will outkick them." How right he was! It was good to see a varied team result

It was good to see a varies train tesant in the women's race, with the Republic of Ireland winning the W35 team race and Scotland the W40 group. England team manager Elaine Statham led the W50 England team to the work of t land team to victory and finished 21st of the 52 finishen

Winner Bob Treadwell.

FROM THE EDITOR

One of the most satisfying aspects of the recent BVAF Indoor Championships at the National Indoor Arena was the high number of entries received. Contributary factors were probably the centrally situated venue and the superb facilities available. One of the most disappointing aspects, however, was the number who, having entered the championships, did not compete in their chosen events.

Entries were received from about 450 individuals, who sent in a total of nearly 900 entries. On average only sixty per cent of male entrants took part and in some events only fifty per cent went to the start line. Injuries, illness, domestic problems, work or family comittments can all prevent an athlete from competing. We have all, at some time, had to withdraw from competition because of unforeseen problems arising, but a forty percent no show does appear to be abnormally high. In contrast, the women's events had a much smaller withdrawal and eighty two per cent went under starter's orders.

It could be argued that once an entry fee has been paid, then only the athlete concerned is the loser if he or she decides not to compete. In major events, however, is it that simple? The M40 3000 metres event received about thirty entries. As athletes would not have relished running heats it was decided to have three seeded races and the timetable was planned accordingly. When only fifteen declared themselves as starters the decision was made to have one race. Gaps were therefore left in the programme and, at times, very little appeared to be happening, which caused some spectators to drift away.

There was applause in the arena when it was announced that the BVAF will mount a bid to stage the inaugural European Veterans Indoor Championships in 1997. We hope the bid will be successful. It will have to be a showpiece event and we shall need both a large entry and entrants taking part to assist in ensuring success.

The Wind of Change By David Lord

The 25th BV AF National T & FCh ships will be a milestone in the history of the BVAF, not only because it is the 25th but also because the BVAF have moved into a higher profile mode. The BVAF has always believed that it

was predestined to be the leader of veteran affiliated members have never doubted that this was true but the 70,000 or so nonaffiliated veteran athletes are not so conaffiliated veteran athletes are not so con-vinced. Apart from the occasional recruit-ing campaign conducted via this newspa-per, the BVAF has never been unduly con-cerned. The Affiliated Area Clubs (AAC) have always been left to deal with this as

When the first national T & F Champi when the first national 1 & P. Championship was introduced 25 years ago, the BVAF was still completely in the hands of the AACs for staging their events with negligible assistance being given. Over the years the rotation system changed from being shared between three or four AACs to the present state of nine shareholders. Unfortu nately most veteran athletes do not possess a nine year memory. During this time the AACs were continually striving to upgrade their organising expertise not just for their own satisfaction but also because the BVAF were beginning to insist on higher standards for their championships, but still with mini-

mum assistance being given.

Eleven years ago the BVAF were granted the European Veterans T&FChampionship to stage. This put the BVAF to the test and they produced a wizard show. I honestly don't know how they did it. Magic is the only suitable word. Most of the key organisers are no longer BVAF officials, so much expertise has been lost. Soon after-wards the BVAF dropped down a gear and concentrated on tuning up the existing system. Nothing radical happened until two years ago when Bill Taylor and myself convinced the BVAF to elect assistant chairpersons for all disciplines. This proved a turning point in the relations between the AAC delegates and the BVAF.

Meanwhile recruitment was still lagging behind. The AACs were more inter-ested in the new trend called upmarketinginism (new word), which in athletic terminology means rasing the pro-file of an event by better media coverage, which in turn improves the financial poten-tial ato an acceptable level. The AAC del-egates at their council meetings last year discussed the desirability of the BVAF setting up a technical committee to be respon-sible for monitoring all AACs selected to promote their national championships, Ron Bell, vice chairperson BVAF, to make recnendations.

By this time SWVAC were in the proc ess of having an apoplectic fit at the thought of how we should organise our first national T & F Championship with an overdraftism (new word) which in athletic parlance means stony broke'

It didn't take SWVAC long to realise It didn't take SWVAC long to realise their need for a marketing consultant. Fortu-nately the Honorary General Secretary's little grey cells recalled issuing member-ship number 0790 to a certain Stuart R Matthews, who was the sport's superstar 83 and an ex-Scottish International and who seemed to have the right qualifications. It took SWVAC, spearheaded by SRM, one meeting to achieve the ouline approval for the financial security that was needed. Ob viously it is not in the interests of the BVAF or its members to raise the profile of one championship to the detriment of the succeeding year's events. Discussisons then took place between the BVAF and SWVAC which culminated in the November del-egates' meeting electing a project sub-committee under the chairmanship of Ron Bell with SRM as marketing consultant. Meanwhile, Winston Thomas (assist-ant chair T & F) and SWVAC have been

locked in discussions to establish the crite-ria for raising the profile. The first priority is to obtain maximum media coverage. Achieving this will automatically create a knock-on effect, which will enhance our chances of attracting the vital additional sponsorship, and also the chosen celebrities, and to revitalise the recruiting drive. Everyone will know that the ultimate media instrument is television. Negotiations are in progress to make a documentary, and local television may be interested in newsflashes. More details on these developments will be given in VA34: All competitors will be invited to tell us their athletics history, so that the commentators can keep their audi-ence happy with a continuous flow of information. Everyone present will be interested to know who is in the arena. A special effort will be made to attract overseas competi-tors, so we will be lobbying the WAVA Championships at Buffalo in July. The BVAF rules allow separate medals to be awarded to these competitors.

The ultimate test of our 'higher profile will be signified by the volume of non-BVAF affiliated competitors, and also the volume of spectators attending who are not immediate family of a competitor. To en-courage the latter to attend, they will, if they wish, be able to sit in the reserved area at the wish, or able to skift me reserved area at the centre of the stand behind any civic, corpo-rate and athletic celebrities who may be in attandance, subject to the payment of a booking fee (see entry form). Any member who wishes the BVAF to succeed in its ambitions should attend their own premier championship. It is not essential to be a T & F fanatic to enjoy the atmosphere and furthermore attend the AGM and the social

evening afterwards.

The final but not least consideration is the venue itself. Exeter is a city of great antiquity which is surrounded by conserva-tion areas of national importance. Exeter City Council has arranged special accom-modation terms at half the normal price, in **Hat Trick for Neary**

The 1994 BVAF Half Marathon Champ ships, organised by Bridlington Road Run-ners in conjunction with their own well established open race on October 23, provided a stern test on the day. Blustery winds on an undulating course ensured it was hard going, particularly on the sections heading out along the cliffs towards Flamborough.

and times suffered accordingly.

The BVAF entry was very disappointing. Perhaps the short time in which the event was arranged or the distance of the venue from the larger centres of pop

most instances, at selected quality hotels for attendees (new word) and their families to stay up to one week. Even cheaper nmodaton can be obtained at the University of Exeter halls of residence—camp-ing will be allowed adjacent to the track for the fanatics.

Two thousand tourism brochures have already been mailed out, mostly to T & F members. Anyone who has not received but would like one, please contact the Accom-modation Officer. Don't miss this golden opportunity to join the BVAF in celebration of a quarter of a century of national T & F championships. Entry limit 750 competi-tors. Any questions?

had an influence, but only 60 BVAF mem-bers entered the championship. Despite the weather conditions, members who stayed away missed a well organised event at a superb venue and enjoyed by the 650 run-ners who completed the course.

The first BVAF runner home, in sev-enth place overall, was Salford's Mike Neary

(M45) in 1:10:19, with fellow M45 group runners Dave Wilson (NVAC) and Ron Smith (Scottish Vets) in ninth and tenth positions overall. This completed a hat trick of BVAF wins for Neary, as he had previously won the M45 groups in the 10K and 10 miles Road Championships. The M45 group dominated the veteran finishers and, together with M55 Steve James (sixth veteran), filled the first eight veteran places.

First M40 and ninth veteran to finish was Stuart Heap (Salford) in 1:16:25, over two minutes in front of his clubmate Pete White. Sandwiched in between were Pat Dobbs (Thurrock) in 2nd M55 spot and George Black (Valley S) and Vince Hancock, the gold and silver M50 medal-

The M60 race was a very close affair with the first three separated by only 22 seconds. Pre-race favourite Ron Higgs took an early lead but found it hard work, as his light frame was buffetted by the strong winds. He was passed at eight miles by Geoff Ashby (West Brom), who held off the Geoff Asiby (west bioli), with lead the fast-finishing Gordon Booth (Longwood) to record 1:24:03. Good performances came from Max Jones (Birchfield) who took the M65 gold, John Fraser (MVAC) the M70 and the incredible M80 Gordon Porteous (Maryhill), who recorded 1:45:17. The strong Salford squad won the M40-49 team award to add to their wins in the 10K and 10 miles and the dependable Barnet trio of Ron Higgs, Derek Wood and Lawrie Forster again took the M60 team award.

There were only a handful of BVAF women entrants but Barnsley's Sue Endersby, W35, showed all the women veterans in the open race a clean pair of heels and finished 2nd overall, in recording 1:19:20. Marie Hart and Ann Cartwright took the silver and bronze W35 spots. Bolton's Audrey Foster (W40) won her age group, as did Bridget Cushen (W50) and Betty Forster (W60). Geoff Ashby Results Page 11

22nd Brugge Vets Races 25km & 10km

Sunday 25th June 1995-Belgium

A full member of AIMS

A superb weekend in which to meet up with old acquaintances. The 10km starts first at @10.00 am outside the Olympia Stadium and finishes in the Stadium. Meanwhile back in the centre of town at @11.00 am the 25km starts, also finishing in the Stadium.

We provide the transport for the 10km runners and the spectators to go to the Stadium for the @10.00 start. The coach then returns to the centre to collect all the 25km runners' luggage and the non-runners after the start of the final race. Runners on arrival at the finish receive a lovely medal, lunch vouchers are also given whilst you 'chat' away with friends and a cool beer, enjoying the

atmosphere of this superb weekend.

THE TOUR &

Executive coach travel starting on Friday 23rd June with 'pick-ups' at Newcastle, Darlington, Leeds, Manchester, Stoke, Birmingham, Northampton, London, Bexley and Dover.

Taking the 08.45am P & O sailing, arriving in Brugge at around 13.30 pm in time for a very relaxing

afternoon and evening.

Saturday is free for you to visit Brugge or join our optional excursion (£10) to the capital of Brussels

While you are all enjoying yourselves, Ron and Pat, your very well known couriers, have collected your running numbers for you and will have them back at your hotels. Sunday is 'race day' with full transport whenever required, even to the prize giving where many 'Brits'

feature in the extensive prize list.

Monday morning is reserved exclusively for the women to exercise their 'plastic card' hand but no prizes here as too many would win. At about 12.00 noon, after a last minute coffee in the beautiful Market square, we set off for Calais and the Hypermarket for those French wines and Cheeses, later to catch the 17.15 pm return ferry to England arriving back at all 'pick-up' points for 'set-downs' in reverse order. London approx, 20.00, Birmingham 22.30, Leeds 01.00 and so on to Newcastle.

HOTELS &

We will be again using our established Lucca 2° and Aragon 3° Deluxe, just 250 mts from the town centre. Both Hotels are 'family' run, with all the essential facilities. The Aragon is for that very 'special' weekend with those little extra's like Hairdryer, Mini-bar and a fantastic breakfast.

The Letters Page of Veteran Athletics is open to ever express their views, satisfactions or dissatisfactions on any subject of interest to our readers. They should be kept as brief as possible or they may be cut for space reasons. They should be addressed to Veteran Athletics, 67-71 Goswell Road, London EC1V 7EN.

REPLY TO BILL RAMAGE

read your letter with great intere and, of course, we agree with a great deal that you said. It was indeed depressing that you got the wrong end of the baton when reading our letter in VA31. I draw your attention to the first paragraph where we stated that 'we thought the procedure left something to be desired'.

We would not like to have given the impression that we were criticising the officials. We know they were only working to the guidelines given to them and, having 'done a bit' ourselves, we are aware of the trials and tribulations that do arise at meetings.

Unfortunately in this imperfect world

if is the complainers that tend to get things done, not the sit-back-and-hope-

it-will-be-better-next-time people. Having had their attention drawn to the situation regarding the medal proce-dure, the chairman and officers at the AGM gave an assurance that the matter would be looked into.

D Rafferty and C P Morris, MVAC.

SATURDAY CHAMPIONSHIPS Permit me to write a little plea on behalf of Christian athletes for Veteran Athletics, addressed to administrators and or-

isers in the BVAF.

As 1995 progresses both the BVAF indoor championships and pentathlon have been scheduled for Sundays. I want to ask that every few years these be held on a Saturday, because some of us put our duty to God above our love of athletics.

Remember the Sabbath day, To keep it holy is actually a command for all of us to cease wherever possible from work and doing our own pleasure to take time to rest, worship God and be with our families. I could quote scriptures to back up my particular stance but I just wan organisers to consider having some BVAF championships on a Saturday so that L and perhaps some others, could compete. One day, however good we've been at athletics, we shall have to give an account of our lives and how we used our Sundays, better called the Lord's Day when

Sexual equality for vets

By Gareth Webb

The following article appeared in the Nowember edition of The Runner and is repro-duced by kind permission of its editor, Chris White, c/o Gateshead Post, 191 High Street, Gateshead NES 1AS. The article raises a controversial issue. What opinions do our members have?

Why do women runners become veterans at thirty five whilst men have to wait a further five years. Is this fair? Is the logic here that a lower qualifying age for women attracts older women to the sport or helps to retain women runners who would other-wise drift from athletic s once their per-formances decline? Surely that isn't the case — certainly not for distance runners. Women are still more able to produce high level performances in their mid-thirties than are men who quite often do experience a slight decline in performance upon reaching that magical landmark.

Study the result sheet of any large road race in your area and I think you'll agree. In an earlier issue I highlighted the high percentage of veteran runners who make up a centage of veteran runners who make up a typical race field (road and cross country) and noted that this was quite often in the region of 50% — or even greater. The figures are even higher for women. This often leads to the thorny problem regarding prize allocation at races — a point raised in this and other magazines of late: when does a veteran lady qualify for a prize in the open race as opposed to a vet's prize? Beçause quite often the winners of many women's races are vets! races are vets!

Let's face it, 35 is no 'veteran' age by

any stretch of the imagination, is it? Many women of this age have only just got married or are still bringing up young children, so 35 can hardly be considered 'old'. If you don't agree with me, just try telling one of

them and see what response you get!

Many women claim that reaching veteran status has 'kept them in the sport'. But

in most cases, I very much doubt this.

To claim that winning a few clocks and duvets is attractive enough to keep up the tough training in order to compete at a high level is surely ridiculous. OK, the chance to win a title on the road, track or country is win a tille on the road, track or country is increased by virtue of becoming a vet. But, as I said earlier, a 35-year-old woman (or man) is always likely to be performing at a high level at that age anyway, and so to create a championship purely for the benefit of 35-year-olds is hardly fair, is it?

For proof of what can be achieved at 35, let's look at a few examples. Birchfield's Sally Ellis is a current case in point. She has just turned 35 and represented England in the Commonwealth Games in Canada over

the Commonwealth Games in Canada over the marathon. Despite reaching veteran status, her performances haven't declined that much that much — if at all — otherwise she wouldn't still be able to compete at a major championship.

Likewise Alison Rose of Edinburgh Woollen Mill represented Britain in the European Marathon at the age of 36. Rose was an eleventh hour replacement for City of Bath's Zina Marchant, the 43-year-old who ran a stunning 2.40.09 in London last April.

And the men? Carlos Lopes won Ol-

In Favour of Age Graded Tables

Further to your editorial in VA32, I do not believe that the interest of readers in Age Graded Tables has been lukewarm. My experience as the Road Running correspondent for South West Veterans AC is that interest is increasing as athletes, or road runners certainly, become more and more aware of age grading. You cor-rectly state that SWVAC use Age Grade Tables in Grand Prix events; the 1994 Grand Prix race series has recently been completed on that basis with the top per former, a male 60-64, averaging 84.9% from the best four performances. More than that, every road race result

published in our club magazine from March 1994 onwards has included runners' performance level percentages based on the 1989 WAVA five year group ta bles. With effect from 1st January 1995 performance level percentages are based on the 1994 WAVA single age tables. This has increased the workload which has fallen on my shoulders and that of our road-running chairman but it is in the best interests of our members so we get on with it, satisfied that it is in this direction that the future of veteran road running lies. Judging by the correspondence which I receive from SWVAC members, inter-est in this aspect is considerable.

Concerning your reference to road race organisers, it is my opinion that their enthusiasm will be increasingly awakened as the benefit of performance level percentages begin to emerge. Medals and recognition need only go to the best performances, regardless of sex or age with, for example, first place possibly being awarded to a 72-years-old female and second place to a 47-year-old. If the road race organisers still feel strongly about it, traditional five-year scoring may still be retained with modest awards but with the top prizes awarded to the top age graded percentage performances. Too many cheap-looking medals are currenly awarded and this may be a way out. To further increase the interest of our

SWAC members in their road running, our club magazine publishes a 'Top 20' table listing the best twenty percentage performances. This is currently headed by a 44-year-old female with 92.3% and, in twentieth place, a 59-year-old male with 84.6%. Positions within the table change according to improved performances, together with displacements taking place at the bottom end to accommodate new entrants. The next 'Top 20', to be published in April, for example, will include the names of four new entrants to the chagrin, I expect, of the four who have been squeezed out. No Sir! Far from being lukewarm, I find interest increasing as the knowledge of age grading spreads and becomes better understood by the everyday veteran club runner

Bernard McCarthy, Devizes

1994 T & F Ranking Lists

The 1994 Track & Field Ranking Lists are now available, price £2.00 plus SAE. Male lists can be obtained from Dave Burton, 71 Nethergreen Road, Sheffield S11 7EH.

Female lists from Sally Gandee, 4 Westfield Road, Hertford, Herts

ympic gold in LA in 1984 at the age of 37 and Steve Jones, at the age of 38 has still got many world class runs in his legs. What about Aouita, the phenomenal Moroccan who will be 36 in November? OK his best days are obviously behind him, but what could he still achieve at 35? So why are women deemed to be veterans at 35?

women deemed to be veterans at 35?

In the age of 'sexual equality', why have women been allowed to get away with this for so long? I'm not complaining because of a personal grievance. Equality is what interests me as well as righting what many see to be a wrong.

OK, I'm over 35 but not yet 40. But I'm

not likely to benefit from vets' prizes were the age for men to be lowered to 35 (except, perhaps, in team competition). When I'm 40, I'll enjoy competing against my peers. But this won't 'keep me in the sport'. By then I would accept a degree of tapering off of performance and would therefore wel-come the opportunity to be insulated against the young 'uns' by ets' races and vets' prizes. But not at 35 — and neither should women. A runner who turns 35 won't expect too drastic a decline in performance. So why should they be accorded different and preferential status to any other runner? I started running and racing three years ago. My husband, Brian, now 61, had two heart by-pass operations in December 1976 and November 1972. They both failed and he was set on the road to recovery by taking up jogging and com-pleting the first New Forest Marathon in

When we joined the New Forest Runners, we met the amazing Grace Bulger who was training for her first London Marathon and she introduced us to the age-graded tables. Subsequently, Brian gave a shield to the club for 'Runner of the Year', based on the tables and using the club's 10K, 10 Miles and Half Marathon Championship races for results. I have had a very successful season, achiev-ing first woman over 60 in lots of events, but on several occasions I have done a better time than a 50/55-year-old.

I would praise the organisers of the Alton 10, May 8 1994, who published a double set of results including age-graded percentages, in one booklet. So it can be done! Grace, Brian and I will go on lobbying for age-graded results.

Janet Davey, Lymington.

CLASH OF LOYALTIES

Regarding your concern about low num-bers of entries in BVAF Championship races, this also occurs at area level.

Maybe, as happens with me, it is due to clash of loyalties. I belong to a running club, my first claim club, a triathlon club and a cycling club.

I try to support my first claim running club when they need me, but mainly it is triathlon which prevents me taking part in more Vet races as they always seem to clash. This year particularly I have had to rins year particularly flave had to really concentrate on triathlon as I was part of the British Veteran Squad for the World Championships in New Zealand. (I am pleased to say I was 4th over 45 in

a very tough race).

There are maybe other reasons such as more injuries as we get older, time and money for travelling to distant races. But for all that I try to support my

club MVAC and pay my subs and just hope I can get to one race a year. The BVAF is very important and I appreciate all the work by the dedicated few.

Lesley P Cliff, Radcliffe on Trent

Maxine Joyce in Form

Maxine Joyce (Orion) pictured above, is an athlete in form. On November 12 she made her England International Veterans Cross country debut at Silksworth and two weeks later she won the women's veterans section of the Greater London Cross-Country Championships at Paliament Hill Fileds. In the latter event, she held off the challenge of Rosemary Hann (Highgate) to be first veteran home over the tough 5K course and finish in ninth place overall in the senior race, regaining the title she last won in 1992.

I was pleased to read the articles on Age d Tables in VA32, since it was the first I had heard of them. I am a middle-distance runner aged 43, but I didn't run at all between the ages 18-38. With good at all between the ages18-38. With good training now I am thus still improving, but I very much like the idea of tracking my performance using the tables. I will encourage my club to switch over to Vets' rankings based on the tables, and it would be good to see them used in your results' pages as well as actual times etc Besides their use in rankings, I would not object to road races being judged on an age-related basis, but I am not sure I would want it on the track/field where I find it is the head-to-head competition which is important to me. Maybe my views will change when I reach 49, 59, etc. P W Kenndedy, Slough

Would be pleased to publish some age-graded results where appropriate.

Editor

WHO SET THE BVAF STANDARD?

In 1994 I reached the over 80 age group and I am amazed at the variation in the official standards for the 5K Walk for the M80 group, e.g. the BVAF standard is 36:00 (revised 1990), the European standard is 41:00 and the World standard is 45:00. What a difference! Who fixed the BVAF standard? There are not many walking in the M80 group — only three of us, I believe, although there could be more soon. I have set my sights on Buf-falo where I hope to beat 40:00.

Bernard Osborn, Solihull

Bionic Bernard

Bernard Osborn, 80 years old in 1994, is amazed that he is still competing after having two replacement knees fitted in 1991-92. He started training again in 1993 and by July 1993 had beaten the Euro-pean age group standard for the 5K walk He had entered the European Vets Cahampionships in 1994, but his wife's illness prevented him going. Now his sights are set on the World Championships in Buffalo in July where he hopes to beat 40:00, and also the European Road Championships at Valladolid, Spain in May, where he will compete in the 30K

Osborn joined Birchfield H in 1929 and has never stopped training although 12 years in the Royal Navy and 16 years living and working in Spain curtailed his competition to some extent. He has bea versatile athlete in his time, as shown by his winning the English Junior title for the 120yards hurdles in 1932 and the Royal Navy 400 and 800 metres titles. In 1962 he finished sixth in the Leicester-Skegness 100 miles Walk in a time of 20 hours 16 minutes. He is a life member of the British Olympic Association and has attended Olympiads in London, Tokyo. Moscow and Barcelona

Bernard Osborn in Leicester Skegness 100 miles 1968.

Run Down Events Diary

The 1995 edition of this comprehensive guide to over 600 ahtletic events in the South West of England and Wales is now available. The book also covers a wide range of articles and information on athletics in its 260 pages. Available from 22, Harrington Lane, Pinhoe, Exeter, Devon EX4 8PG. Price £5.00 + P & P.

From the Chairman

I am delighted to have received a response to my appeal for a volunteer to fill the position of Treasurer. Danny Herman has offered his services. I

ave known Danny for many years, both as a friend and as a rival on the track. He been a regular competitor in our T&F Championships and in several European and World meetings. Danny, a member of Northern Veterans A.C., is a qualified accountant and can be relied upon to keep a close grip on our finances. I have circulated all clubs and have proposed that, with the authorisation of the next Delegates meeting, Danny acts as temporary Treasurer until the A.G.M. in August.

Our other vacancy, arising from Barbara Dunsford's decision to step down from being in charge of the BVAF kit, is still a problem. We have had two separate offers, from people involved in the sup-ply side, who may be able to arrange for a mail order service for some of the major items, but no one who would be able to handle a complete service with sales at the various championships in the way that Barbara has done. Meanwhile Barbara is continuing to supply items still in stock. If we can come to a satisfactory agree-ment with one of the suppliers to cover the bulk of demand by mail order, she may be persuaded to carry on with the rest. With that in mind it would be particularly helpful if we could get a few

volunteers prepared to assist with on the spot sales at championship meetings.
Have we any volunteers, even just for one
or two specific meetings, who might then
provide a pool of people who could assist
when required?

Recently, the Championship scene has been fairly quiet, the main events being the Cross Country Relays on Nov 5 and the Cross Country International on Nov 12. The Relays were again incorporated in the Micky Morris Memorial event at Cardiff, an excellent course and well organised by Graham Finlayson and Car-diff A.C. Even a crisp and sunny day was laid on. It was disappointing to see the small number of English clubs prepared to cross the border to take in such an enjoyable event. The weather for the International at Sunderland the following weekend was in stark contrast, with sleet and rain throughout and I take my hat off to all those who took part, not least the officials.

What a welcome to the team from the Republic of Ireland on their first time as official participants, but congratulations to them on performing so well. Next year's event is in Dublin.

On the adminstrative front, the English clubs have now formed a Veteran A.A. of England. The Chairman is Irene Nicholls, Secretary is Bridget Cushen, and Treasurer is Les Brown. The new body will certainly help in organising teams and will have an important role in future discussions with the AAA of Eng-land. The Working Party set up by the

AAA, to consider the position of veteran athletics, has been attended by myself and Bill Taylor. It has been a useful forum for an exchange of views, but could not come up with any firm recom-mendations for close involvement, no setting up of Championships for English

The role of the AAA of Eng., apart from selecting the English team for Inter-nationals, is to arrange Championships Traditionally these are not restricted to English competitors only, and if any veteran event followed the same policy it would duplicate our own BVAF Championships. We will however remain in contact, and they will try to be sympa-

contact, and use will rely to be sympa-thetic to any requests for assistance.

The position with BAF has however not progressed. After long discussions, Terms of Reference for a BAF Veteran Committee had been drawn up, with the stated objects"....to advise the BAF Coun-cil, and the appropriate Commissions and Committees, on the control, promotion and development of Veteran Athletics". Membership would be seven representa-tives from BAF, seven from BVAF, plus the officers of BAF ex officio, with pro-vision for co-opted members. This was cleared by the BAF Management Board, but then had to be put to the BAF Council (the controlling authority of BAF), which met in January. I was invited to this meeting where several members ex-pressed unease at the degree of BVAF involvement, and eventually the matter was deferred to a working party to be set up by BAF for further consideration. I will keep you informed.

Keith M. Whitaker

WORLD RECORD FOR BROWNE

Southern Vet Pete Browne bounced back to top form at the Samsung-Kupe Invita-tion Indoor Meeting at the Nep Stadion, Budapest on 29 January, with a sparkling run which beat the existing M45 800m record set by Ken Sparks, US, in 1990.

Pete was provided with a pacemaker who took him through the first three laps in 29.1, 57.5 and 86.5. Out on his own after 600 metres, and urged on by a fine supporting crowd, he finished in 1:57.32 to take 0.49 off Sparks' time.

The invitation had been arranged by Robin Woodland, a British vet living in Budapest, silver medallist in the M55 200m and 400m in Athens last June. Robin won the 200m at this indoor meeting, in 25.41, running in lane 5. Browne, WAVA M40 800m Cham-

pion in 1989 and 1991, and still M40 outdoor record holder with 1:51.25, surely has his sights on the M45 outdoor record of 1:56.16 set by Holland's Ron Mercelina in 1991. Bill Taylor

BVAF Marathon in Belfast

The first veteran to finish in this year's BVAF Open Marathon Championship will win a prize of £400. There is an extensive prize list offered by the organisers of the 14th Belfast City Mara-thon, which this year will also incorporate the BVAF Marathon Championship on Bank Holiday Monday, May 8th Substantially increased sponsorship means that the overall winner of the race will win £1,600 and the first prize for the

first woman will be £600.

The second and third placed male veterans will receive £200 and £100 re-spectively and there are valuable prizes for age group winners up to M60 and W40. The marathon course starts and finishes near the city centre and follows one lap through the suburbs.

A marathon relay (teams of five, any ages) will also be held on the same course. There is a total of £2,000 worth of prizes to be wone by the first three all male, first two female and first two mixed relay teams. Further details of both events from the address in the entry form on page 9

The supporters listed below have contributed since the November issue. We are glad to see that the Christmas spirit has led to a slightly longer list this time:

Sid Hood Anonymous J.A. Watson Henry Emmerton Ted Cooper Stan Erlam P.K. Jordan REric Pendleton Allan Sowden Ken Prior Fred Wainwright Dave Blyth C.J. Palmer

Those who want to see a list extending to the bottom of the page next time should send their donations to: Bill Taylor, Vet-eran Athletics Treasurer, 17 Poplar Farm Close, Milton-under-Wychwood, Oxford OX7 6LX.

Countdown to Buffalo

I am closely in touch with the Organising Committee for the XI WAVA Track and Field Championships at Buffalo in July this year, and preparations are going well. this year, and preparations are going well.

I am now giving guidance on such things
as the numbers of throwing implements
ideally required in each weight, as well as
the numbers in the varying diameters for each weight. The provision of an ad-equate range of vaulting poles in appropriate weights and lengths is something of an organisational headache, but we are doing our best.

Similarly, it is virtually impossible to provide longjump/triple jump take-off boards complete with plasticine no-jump indicator at all the distances that might be required at all pits. Modifying the run-ways is an expensive business. Also, because we do not impose entry standards, there is a great variation in ability within each age-group, and hence in the distances from board to pit required to ac-commodate them. Therefore it is almost impossible to overcome the problem purely by the allocation of age-groups to pits. The budget for Buffalo is nothing like as large as it was for Miyazaki, so we shall do what we can within certain finan-

cial constraints.

I hope to visit Buffalo for final checks in May. A similar visit a couple of months before the 1993 Championships was very worthwhile, and I am trying to persuade the rest of WAVA Council that, although WAVA is never particularly flush with funds, such a visit is essential.

I have been nominated by WAVA

Council to stand for re-election as Vice President Stadia. If I am elected again, I shall make it my last term. By the time the 1997 elections come round, I shall be nearly 80, and I shall be trying to find time for training!
Bill Taylor, VP (Stadia), WAVA

Prize Draw

The prize draw gives support to the paper. Why not join in? Each month there is an overall £125 winner and five £10 runners-up. All you have to do is send off a cheque, made payable to Veteran Athletics, for £12, or multiples thereof — to increase your chances of a win — to the Hon Draw Organiser, Jose Waller, 26 Westwood Road, East Ogwell, Newton Abbot, Devon TQ126YB.

The sooner you do it the sooner you will get in on the draw. These are the recent winners:

October 94 £125 to A. Shepard (Bromley) £10 to B. Tyndal, J. Curton, E. Saberton, E. Shillabeer, D. Smythe. November 94 £125 to W. Morgan (Birmingham)

£10 to Val Bradley, A. Sutton, P. King, V. Lowloy, S. James. December 94

£125 to M. Warby (Aylesbury) £10 to P. Hamilton, A. Brindle, A. Dunbar, G. Jardine, Jocelyne Kirby.

Bridget Cushen

Recruitment

We are still without a mandate from BAF and until we have confirmation of their intentions, planning ahead is difficult. We are all aware that there are thousands of "unattached" athletes competing in road races. Their ambitions may not extend beyond local races and keeping in trim. There are also many established club runners who just do not bother, who may not be interested in our movement, or more likely are totally unaware of our existence. Most of us retain our original club membership, but do we all encour-age other veterans to join BVAF clubs? If we were totally autonomous and,

even with a limited budget, it would not be too difficult to reach our target audience - hand out recruitment literature at road races, take a stand at major meetings etc. Meanwhile, we are keeping a steady membership of close to 7,000. If each of us were to recruit just one more member our lobbying power would be that much more effective. We have, after all, suc-cessfully campaigned for separate prizes for veteran categories in the London marathon, county championships for vet-erans and special invitation races at a few international events.

Time for a European Indoor
Championships?
Ron Bell, Vice-Chair Policy & International Affairs, has approached the European VAA for permission to put on the first European Veterans Indoor Championships in Birmingham in March 1997.
A presentation will be made to EVAA delegates in Buffalo and Malmo.
The local authority are keen to host it, but with the severe limitations on council

but with the severe limitations on council spending, we cannot expect any financial assistance. Applications for grants from the EU and the Lottery will be directed

Appointment of a Marketing Officer Appointment of a Marketing Officer The demographic charts show that "Grey Power" is a growing movement which no government can afford to ignore. With-out an experienced marketing officer how-ever the BVAF committee have neither the time nor facilities to exploit the op-

We have now found the ideal person, ex-Bristol AC sprinter, Stuart Mathews, who joins the Executive Council on a commission basis. He has already got sponsorship for our Track & Field Cham-pionships at Exeter and is now commissioned to find sponsors for the European Indoor as well as marketing the whole of the BVAF. We welcome him aboard and wish him success.

International Cross Country, Sunderland — the finish. 1 Denise Hoogesteger 2 Teresa Tuohy 3 Jan Stevenson.

Buffalo Budget

The X1 WAVA Championships in Buf-falo are expected to bring an economic benefit to the region of 25 million dollars. Six thousand athletes and an equal number of spectators are expected to attend. The championships are operating on a budget of 1.6 million dollars. One third of this amount will come from entry fees and accommodation. Another third will be funded through sales of books, programmes, vendor and parking fees, mer-chandising, tour and travel. The final third will be funded from private contri butions, corporate sponsorships and public funds, although public funds repre-sent only 7 per cent of the total budget.

commission to look after the interests of
older age group athletes. The voting, which
required the approval of two thirds of those
present and eligible to vote, was preceded
by a lively debate.

Although the actual ways in which the
commission will function have yet to be
fully defined, it has been agreed that a
number of those persons currently serving

number of those persons currently serving as members of the WVAA committee will

as members of the WVAA committee will be part of the commission in its first year. This should ensure that a smooth run-in period is achieved. The new commission will not cut across the purpose of WVAA, and it is expected that there will be close cooperation between the two.

The formation of this commission is commission is an advitally important way of integrating veteran athletics into the mainstream, whilst at the same time maintaining the integrity of veterans clubs. Welsh Veterans acknowledges that it represents a small number of the competing veteran athletes in Wales, and hopes that full cognisance will now be given to the large percentage of veterans active within the sport.

An Explosive Situation at Frankfurt Over the years, the English contingent organising at Millhairs because the English contingent ing competed in what a German comScott was very kind to a

competing at Mülheim have consist-ently increased in numbers. This year seven competitors and Mary Scott, who helped to shepherd us all through the

neighbor to simplered as an unlocal un-weekend, set off from Heathrow.

On arrival at Frankfurt, a bomb scare immediately plunged us into a crisis with disruption and delays. The threat was more apparent than real and we were soon in our hotel, quite close to the athletic complex. Here again we to the annetic complex. Here again we have a small town, admittedly on the outskirts of a large city, which has the facilities to accommodate at least 12 groups at the same time with up to twenty throwers in each. The officials are flexible enough to alter the pro-

gramme so that most competitors fin-ished earlier rather than later. Weatherwise, Sunday dawned damp but it was clear that we were to be blessed with sunshine, and for most of the day the termperature hovered around 25 degrees.

I was joined in the 50-60 group by a powerfulex-Glasgow policeman John Sott and an expert linguist Enrico Figueredo from London, and then we met our fellow competitors from Ger-many and Austria, though unusually this year there was no competition from the Baltic States or Hungary.

We started with the shot where John put in a very useful performance and then we moved to the hammer where I made up for my usual abysmal effort with the self-

with the shot.

Thereafter we discovered the versatility of the officials who altered the throwing order, so that we might move to unoccupied throwing stations. We competed all day without a break, and finished by throwing a very passable imitation of a German hand grenade at 4.30 in the afternoon.

There were the usual disasters: injuries, three no throws and varying disappointments. We were, however, all pleased with our performances, hav

ing competed in what a German com-petitor described as "most prestigious throwing competition in the world". The English competitors who had not been before were impressed by the competition itself, the variety of techcompension users, the variety of techniques required and by the unobtrusive helpfulness of the officials. In many respects, the greatest compliment that we could pay them was to say that we dish! more them. didn't notice them.

The ladies all did well. Evaun Williams almost won the prize for the best lady competitor. Vilma Thompson and Wendy Dunsford won their events and Barbara Dunsford came fifth, im-proving on seven of last year's throws. John finished fifth, Enrico fourth in the M50 and I was third in the M55, scoring more points than last year when I won it! I expect to be pushed further down the pecking order when a very large German joins us next year. Mary

Scott was very kind to us all, pandering to our needs throughout the long com-petition and she thoroughty enjoyed the experience, although not compet-

We went back to Frankfurt early the next morning for some sights I wished to purchase some hammer shoes, thinking that would be simple in the large sports shoe shops in the city centre. It must be a sign of the times in that when I asked about hammer shoes they had no idea what I meant. Clearly not so many people are throwing the hammer in Germany these days. Whilst there were some problems with the less common and lighter weight implements at Mülheim, I believe that we shall all return, hopefully with reinforcements on the last Saturday of September in 1995 where we shall again be made most welcome. Believe it or not, they actually like us! Hugh Richardson

Good Win for Pape

Phil Pape, for the second year running, led Cambridge Harriers to individual and team victories in the Kent Veterans Cross Country Championships over a sticky Tunbridge Wells course on January 78th.

This event was possibly the most exciting veterans cross-country race for a long time in the South of England. After 300 metres, John Huntingford led former Commonwealth medallist and London Marathon winner Mike Gratton, Glen Grant and Phil Pape. At the one mile mark, Grant was breaking clear from the 85-strong field with Gratton in hot pur-suit and Pape some 30 metres adrift. Lieutenant Colonel Granthad run 3:57:16 for a British M40 1,500 metres Indoor Record the previous weekend and now looked untouchable in the middle stages of this race. Gratton was not enjoying the mud at all and Pape went past him. Pape grew in confidence and just before the

By Alastair Aitken
ear running, start of the third and final lap, he overtook dividual and Grant. Despite a late rally, Grant could

not catch Pape.

George Meredith, of Pape's club, remarked, "That must be the best race of his career". That was a great compliment considering that Pape was a class youth

and junior in his younger days.

For the first time in the history of the race, the over-50s had a separate race. Mike Cronin, who led all the way to win for the second time, and Pete Jenner, who amazings) wen the back to take third place.

Derek Pettet, who has retired from his job in the UK and is now a skiing instructor in Switzerland, won the M60 group and finished in 15th place overall.

Dope Information

Some easily understood information for the athletic and sports world on what you can take for a cold or flu, or as analgesic, and what you cannot take a coording to the IOC's banned list of ingredients is available. The lists of YES and NO products able. The lists of YBS and NO products are in plain, over-the-counter names. The information is on a wall chart which includes advice to help athletes to stay drug-free. The chart is encapsulated, to withstand wear and tear in the club room or changing area. The poster costs £5.00 and is available from Safety Point, 6Sandfield Gardens, Thornton Heath, Surrey CR7 8AR. Tel. 0181 653 4648.

New York Marathon

On November 6th, 29,628 runners fin-ished the 25th anniversary New York Marathon. First veteran was Britain's Nick Rose in 41st position overall in 2:26:39. He took home 3,000 dollars prize 2:26:39, He took nome 3,000 oolsars prize money. Other leading British veterans in age groups were Dennis McAra 2:48:45 (48th, M40), Geoff Jones 2:58:17 (16th, M50), Mick Burrows 3:02:17 (26th, M50), Laurie Forster 3:25:54 (15th, M60), Allan Smith 3:26:15 (16th, M60) and Tom Shilling 4:00:11 (5th, M70).

feature of the women's competition with easily a record 26 finishers. First was Marian Eldridge who is Buffalo bound. But fastest time in the club table by a woman stays with Maxine Joyce's 30:31 before

Only eight seconds behind was Surrey county champion of CC Jane Davies of Epsom and Ewell, top in a strong 45 class. Then Ann Lippitt, the race third, had a good run on 31:25, bettering her times of last

Lesley Bowcott and Doreen Offredi made a Windmilers double in 50 and 65 classes while another double was that of seniors Alice Smith and Alice Billson who

SCOTTISH

On Sunday, 11th December, 1994 most of Glasgow and the west of Scotland suffered from the worst storms and flooding in recent memory. Fortunately Glasgow's Pollok Park remained relatively dry underfoot, and proved to be a suitable venue for the club's 5 miles Christmas Handicap. This is one of the most popular events in the club calendar, with members travelling from "A" the airts the wind doth blaw". The result of the race is secondary to the earmardarie and is secondary to the camaradarie and is secondary to the camaradarie and goodwill which pervades this event. Frank Gallacher was first to finish. First lady was Dorothy Moore. Both received a turkey, but everyone went home with a prize. The club's 5 miles C.C. Championships

were held on 15th January, 1995, at the ancient and historic town of Bannockburn. It was there that King Robert the Bruce sent the English "Hame tae think again". However, on a cold and wintry day on fields not far from the famous battlefield, it was not far from the famous battlefield, it was Anglo-Scot Archie Jenkins who "came and saw and conquered". Archie was a worthy winner in 29.48, and second was Frank Connor in 30.15. First lady was Etleen Reid in 35.16, with Jan Thomson second in 37.04. The following Saturday at Bent Park, Hamilton, in wind, rain and sleet, Andy McLinden, 30.23, just managed to stay in front of Frank Connor, 30.29. First lady was

Eileen Reid, 36.19, and second was Sheila cous in 43.34.
With all this miserable weather, it was

DOUGLAS

with great anticipation that a party of Scottisk Veterans, families and friends, flew out to Spain's Costa del Sol on 22nd out to Spain's Costa del Sol on 22nd January. There in the sunshine of Torremolinos, batteries were recharged, warm weather training enjoyed, and hair let down with several social events. The highlight of the week was the Burns' night, when the Vets, many in full Highland dress, were piped in procession from their hotel to a local hostelry where the Immortal Memory of our particularly with the procession of the procession of the procession of procession excludes the state of the procession of our national bard was celebrated in sons and verse. The locals may have pondered the question "Quien es ese caballero?"

Nellson Hare

WELSH

Old Father Tyme 5, Cardiff
Due to problems over facilities, the annual
veterans only race, hosted by Les Croupiers
Running Club, had to be delayed until January 2nd. As matters turned out, the January 2nd: As matters turned out, the delay meant conditions for the race were good, albeit cold. This year the race incorporated the final Welsh Veterans Championship (of 1994), but entries were a little disappointing, except in the M50/M55

The race consists of two laps starting and finishing near the HTV Studios at Pontcama. From the gun, P Owen Studios at Pontcama. From the gun, P Owen (Bridgend) took an early lead and was never headed, eventually winning by 40 seconds. Behind him Jeff Rees of Neath and D Hart (Bristol) had a titanic struggle for the minor placings. With Hart ineligible, Bernie Plain in fifth place took the 'Over-45' title, whilst his team mate, Elwyn Davies, was only 5 seconds back to be first 'Over-50'.

Barbara Boglan dominated the womens race as completely as her male counterpart

race as completely as her male counterpart and, in finishing 18th, gained victory by nearly 1.5 minutes. Watched by husband Steve, Jacqui Brace was second woman around the first lap, but on the second circuit was passed by Wendy Huggins (Sospan), confirming her excellent form.

NORTH EAST

NEVAC staged their Cross Country Championships for the third consecutive year at Rosehill, Wallsend. The event was blessed with very mild but breezy condition on a bright sunny day on February 4th. The first race over 6K saw the region's

best veteran women quickly headed by Sheila Allen (Houghton), while Kathy Musson (W40) and ultra-specialist Eleanor Robinson (W45) battled it out for second and third. Supported by Maureen Dodsworth and Jean Applegarth [3rd, W35), Houghton were clear winners of the team event with 11

points. Second W40 was Roz Layton, with L Armstrong third. Heather Scott (South Shields) finished a deserved second in the W45 groups with new member Linda Trueman third. Former BVAF W50 Marathon winner Kath Hope returned to competition to win the W55 group from

Mary Avery.

Roger Highnam literally ran way with
the M50 title in the M50-64 10.2K event.
Gradually stretching his lead to finish
almost 2.5 minutes clear of his nearest rival.
During the first two laps, the race for
second place seemed to be between ultradistance occord breaker Paul Bream, Colin distance record breaker Paul Bream, Colin Bolton, and Brian Purvis, but Walter Ryder (M55) surprised everyone by coming from this Josephson everyone by coming from about eleventh position to pip them all for second overall. K Lowther in eighth place was second M55, making the journey from Cumbria worthwhile. Bill Atkinson had a great run beating his 1994 time by two minutes to take third M55 from Cyril Dunn land. minutes to take third M55 from Cyrl Dunn. Ian Barnes returned to form to take first M60 from this great friend and rival Eric Appleby, Albert Prouse gaining third M60. Blaydon Harriers First two counters Les Walker and Elsdon Watson were pleased to see Tony Livingstone finish strongly to secure the team event.

For only the second year, the over-65 men ran the shorter 6K distance. Bill McNeil continued his fine 1994 track form by clearly winning the gold from Ray Dudley and Gordon Freeman. John Johnston won the M70 event from London Marathon TV personality 'Jarrow Jim' Purcell.

It was a case of déià vue in the M40-49 race when defending M40 champion Archie Jenkins and defending M45 champion Harry Matthews decided to stage a repeat of the 1994 race. The pair were a repeat of the 1994 race. The pair were locked together for all but 30 metres of the 10,330 metre course. Harry had the consolation of reducing the 1995 Scottish Veterans champion's winning margin to just three seconds, and of leading his Elswick club to the team award. It fell to the chasping pack of K Archer, Phil Rees, John Stebbing and new veteran Tom McPhail to create a fascinating battle for the minor places, John Stebbing proved to be the stronger to finish third (2nd M40). the minor places, John Steoning proved to be the stronger to finish third (2nd M40), followed by K Archer (3rd M40) who had an excellent run. Curiously, 1994 M50 winner Phil Lancaster chose to run the M40 event, yet finished 13th ahead of many event, yet innisned 19th anean or many runners ten years his junior. Club and race secretary George Routledge, course marker and general dogsbody finished one place higher than last year and for some reason his muddy wellies are fast becoming a cult-fashionable-footwear-talking-point at this around nears. Leave things by fashionable-rootwear-units , annual event. I can't think why. G. Routledge

EASTERN The EVAC Cross Country Championship were held at Cambridge on January 15th. was a convincing winner. Many flnisher were neid at Cambridge on January 15th. Entries were down on last year, due to a confusion over dates, but the number of runners competing was almost identical to 1994. Runaway winner was Peter Warden from Redhill Road Runners from the

Nottingham area, not to be confused with Redhill in Surrey.

One point of interest was the the 45-50 age group far outnumbered the 40-45 age

age group far outnumbered the 40-45 age group. Perhaps the younger age group feel they are still able to compete on equal terms in open competition?

The 55-60 group provided a close competition. Chris Canton, sometime of Ealing and Southall AC, now living locally, held off Terry Laybourne from Milton Keynes, who in turn bested Mike Turner of Liverpool H, who as far as I can remember has never lived anywhere else other than Cambaridge! Reg Brett of Vauxhall AC somehow managed to get mixed un with this somehow managed to get mixed un with this

somehow managed to get mixed up with this trio to win the 50-55 age group. Malcolm Ball from North Norfolk was an easy winner of the 60-plus runners, but only five seconds separated the next three, Peter Chaplin and George Ginn, both from

the local club taking the minor medals.

In the womens race, it was a clean sweep for the local club, Cambridge and Coleridge AC. The only 'title' that escaped them was the W45 age group which went to Felicity Garland of Redhill RR.

MIDLANDS

MIDLANDS
The MVAC Cross Country Championships were held at Cofton Park on Jan 15 over a testing course, well marked and marshalled by Harry Fowder's Rowheath Harriers.
Mike Hager set off with every intention

of retaining his title and after one lap had a lead of 10 secs over Steve Hewett, with Keith Holt a further 10 secs behind in third. Duncan Overton held the lead in the M45 race, 4th overall. John Cooper, David Jones and Bob Young were well up. Graham
Patton, the leading M50 runner, was 13th at
this stage. In the M60 race Geoff Ashbyled
ultra-distance man Geoff Oliver, but it
looked as though a race was on.

After two laps, Hager had increased his lead, Hewlett and Holt still following, with Overton consolidating his M45 lead; Patton had moved up to seventh overall, which position he held until the finish. Oliver had passed Ashby and opened up a 30 metre

gap.
There was little change in major

Around the Regions placings at the end of the race, and Hager was a convincing winner. Many fluishes were fought out spiritedly, in attempts to snatch a vital place for the team races. Ashby used his finishing speed to edge out Oliver. Mike Butterly ran steadily throughout to win M55, albeit behind the first two M60. Colin Simpson, in winning the M65, showed something of the form which had taken him to a WAVA team medal, and England selection as an M60 a few years as on. few years ago

It was sad that the women's race had only nine competitors, three fewer than last year. Lyn Bales, W35, won by over two minutes from her nearest rival in her agegroup, Karen Scarff. In between were Linda White and Lesley Cliff, W45, and Dot Fellowes, W50. Those who competed, all ran with determination, but how the organisers wished there had been a larger women's field.

Bill Taylor

VAC

In good conditions, 121 competed the club champs at Camp Road. Paul Toms took the lead after the first lap and gained his third major VAC title, as well as two road titles comfortably. His consistent form over two years includes notably the Masters 10K title, all ages, at World Airlines champs in

Race second, stylish Ken Daniel. reversed the order with Fairbrass and Morten which had prevailed at the Kent vet champs the previous week. Grenville Tuck, who has not run a lot recently, due to knee

who has not run a for recently, out to knee trouble, at least got into the medals. The fourth, Chris Fairbrass was only 11 secs of fhis fast ground time in October. Rob Roath who lead up the hill first time was finally 5th, before second 45 Hugh Morten. Roger Hill, who was 7th, is again bidding for first vet in Surrey league Div III. While Fleet clubmate Gareth Davis, next, has also run into good form. Andy Howlett improved to 3rd 45.

to 3rd 45.

Coming through on lap two, Keith
Spacie, 59, was first 55 and indeed first over
50 as he outsprinted Peter Newton, the first
M50, on 28.30. But the general from
Thames Hare had long advantage over the City of Portsmouth man in course

City of rorismout man in course knowledge on the Common.

Despite the absence of Laurie O'Hara, injured with achilles and spur, M60 threw up a tussle between Ron Higgs and Tom Everitt who came out best on 29:26 to 29:53.

65 had spirit too as Charlie Walker, a 'name' athlete still competing from the Roger Bannister era, made his one race here

this year tell, by just eight sees from Jim McQuillin and Jim Charman. 25 years earlier Chas had yon the VAC Champs outright at age 40, from Bob Belmore and Steve Charlton, and it would

be interseting to hear if other veteran clubs had any similar feat in their history. In 70 class second season member Ted Rose, from the south coast, was well in front

Then in 75 Dennis Eyers, who maintains his running form in exemplar way, re-set his enviable record to 36:57 Splendid numbers were a welcome

year. Fourth woman was Hazel Imeson, of Tadworth, the 1st 35.

supported one another to the end.
