

# BRITISH MASTERS OPEN ROAD RELAY CHAMPIONSHIPS

## Previous Championship Winners

In the early years the championship moved around the country but settled on the 3-mile lap at Sutton Park before a change in 2018 to 3.165 miles. In 1997 at Sutton Park an error was made with the turn point, meaning that a longer course was used.

From his collection of Athletics Weekly and other sources, Martin Duff has compiled the history of the event. Any amendments to him at martin.martinduff@btinternet.com

In 2011 the BMAF changed the men's age groups to come into line with the World Masters age groups starting at age 35, and switched to an 8 stage M35-44 group, a 6-stage M45-54, a 4-stage M55-64 and a 3-stage M65+ age groups. The details for these are listed after the event that they replaced

Note: records for the M40, M50 & M60 races counted as course bests for the M35, M45, M55 events
